

Kurwongbah Kids PLAYGROUP

Our Final Weeks at Playgroup

Our Kurwongbah Playgroup has had a lovely, yet wet, final weeks of our 2021 year. Due to the weather, one of the weeks, we have remained inside the Sports Hall completing our fine and gross motor activities with a Christmas theme. Our students have continued to practise their name recognition and they have used glitter glues. This activity was very popular and successful. Our last name recognition activity used pipe cleaners to bend into their names' letter shapes.

We celebrated National Cake Day on the 3rd and completed an activity where the children used their imagination to mix, pour and bake their own cakes in our Home Corner oven. The children practised their fine motor skills to complete their own cupcakes with rolled up crepe paper. There was some very clever colouring by the students as their cupcakes took shape.

We completed many Christmas activities through the last term of school. The children made laminated candy canes and paddle pop stars to decorate Christmas trees, cellophane bells to hang up, keyrings for Christmas gifts and Christmas wrapping paper. These craft items have been sent home to adorn home Christmas trees and bring back memories of Playgroup 2021.

Mrs C, our Music teacher popped in for our last week of Playgroup. She was entertaining with Christmas songs, rhymes and instruments. We had our parent helpers hold the SANTA's name so the children knew when to hit their bells. The children danced with a partner and jingled their bells to a special Christmas rhyme Mrs C introduced to us. It was a very entertaining session and we thank Mrs C for her music, instruments and dances she has taught us this year.
