

Kurwongbah Kids PLAYGROUP

Colours

The Kurwongbah Playgroup has had a term focus on colours. Our activities have ranged from coloured playdough, colour hunts, collaging foods, painting well-known children's characters and wearing our selected weekly colours.

This fortnight, we were able to access the Prep Playground to use up our extra energy in a safe environment. In this space, the students have had the opportunity to try out the Prep obstacle course as well as the Sandpit, which is always a winner for little ones.

Mrs C came to visit sharing her songs about the colour purple and Easter. We had time to dance with our parent/carer, use purple drums and learn a song about the Easter bunny. Mrs C played a musical game with us and she tried to capture the drumming Easter bunnies. Another fantastic session with lots of laughter and movement to keep the students engaged.

We would like to take this opportunity to thank all our families for joining us in Term 1. It is a delight to have you and your family, a part of our Kurwongbah community and we look forward to seeing you again in the next Term. Our first Playgroup date after the holidays will be **22.05.2022** and we will be exploring different animals starting with the farm. We wish you a lovely break and special holiday with your family.
