

Kurwongbah Kids PLAYGROUP

Exploring Zoo Animals and Music with Mrs C

As the weather kept us inside for another Playgroup week, we were able to get out all of our ride on toys for some inside fun. Mrs C came to visit bringing with her bells to play, games to enjoy and songs to help us learn about rhymes. The Sports Hall was transformed in an animal hunt to find different animals that were spotted at the zoo. The children and carers were able to create their own monkey masks and zebra stripey faces.

Exploring Bugs and Insects and Visiting the Library

This week has seen the Playgroup take an in-school excursion to our Library. We met Mrs Turner, our school Librarian and she opened our minds to many different types of books. Whilst we visited, there was an array of Bugs and Insects for us to explore through magnify glasses, build giant floor puzzles and get crafty with caterpillars and/or bugs. Best of all, we were able to play in the Prep Playground for some extra energy release!
