Eco-Marines News

It has been a very busy term for the Eco-Marines. The Year Six students were trialled in the use of new multi-sort bins and are now successfully sorting their waste. The Eco-Marines collected over 1000 drinking containers this term and raised over \$100 for the school. The Eco-Marines also launched 'Waste Free Wednesday' throughout the school in an attempt to limit the waste we dispose of at

Kurwongbah State School.

Goals for Term 3 include trialling multi-sort bins with Year Four students and providing other Year levels the opportunity to recycle drinking containers. The Eco-Marines will also continue to promote 'Waste free Wednesdays' and plan a further project to assist with reducing waste.

These holidays the Eco-Marines would like to challenge the school community to change one habit to reduce the amount of waste thrown away at home. Good luck and enjoy the break

| Year 5 and 6 Recyclables | | | | |
