PLAYGROUP

Fire Fighters – Week 2

A new edition to our Playgroup each week, is the opportunity for the students to dress-up as our weekly theme. This week, the children were able to have a turn at dressing up as fire fighters and using pool noodles in imaginary play to put out a pretend fires. Many children were engaged with this activity, as the borrowed blocks from Prep made great pretend fire sticks. These blocks created a great hideout, as well as a excellent source of enjoyment when knocking it over to recreate another constuction masterpiece. Mrs C was a visitor to our Hall and due to the unpleasant weather conditions, she had us moving and grooving to the music. The use of the bell instruments were just like the Fire truck's siren and she finished off with a clever fireman's story. Thank you for joining in our theme, Mrs C.

Ambulance/Paramedics – Week 3

This week, the weather was much kinder and we were able to visit the outdoor Prep Playground and set-up Obstacle Course. The theme was Ambulance and Paramedics. The students used the ride-on items to race to pretend accidents, where they could use their doctor's kit to help the hurt or injured patient. The children had an array of colouring in to choose from, 3D ambulance craft to complete and the Paw Patrol Rescue toys were a huge hit this week. We welcomed a new family to our Playgroup and learnt that they were enrolling in our school for next year. A warm welcome to the Cox family, we hope you join us again for more themed fun.
