focus,  
badges  
the  
hand-cuffs.

week, the Playgroup has the opportunity to visit the Prep Playground. In this area, the Prep teachers and teacher aides create amazing obstacles and activities that focus on gross and fine skills. This week, the children and their carers were engaged in a track equipped with signs, a roundabout and a pedestrian crossing. Lots of imaginary play was observed as well as neat, careful maneuvering of the small cars. A police theme was our weekly focus, with the children happily engaging in creating their own police badges and a “woven police car” craft items. Again, imaginary play was the objective of the morning, with a few “robbers” apprehended in hand-cuffs.

### **Army and Library Visit – Week 5**

This week we ventured to the Library for another visit and borrow a book. Mrs Turner welcomed us with lots of books for the Playgroup to sample their reading desires, army activities – including our dress-up rack. We created military helmets and paper planes. The morning first started at the Prep Playground with an impressive Obstacle course that was created with an Army net, tunnel to crawl through and campsite to encourage imaginary army style camping. The session was completed with Morning tea on the Library deck and a story titled “Look at Me!”

which was about a clever Chameloen called Cammy.
