

Kurwongbah Kids PLAYGROUP

Name Recognition

KSS Playgroup has started their term of preparing our Pre-Preps to enter school. Our focus this week was to recognise our name. Some children knew instantly, whilst others knew the first letter and pointed excitedly. Thank you to our parents for helping them to find their names and use it with our activities this morning. We were able to visit the Playgroup to complete some outdoor play and into the Sports Hall using playdough, magnetic letters and a large letter mat to practise the letters in our name. Each week the children will be completing a Christmas Activity in the lead up to the end of the year.

Number Recognition

This week, the Playgroup had to work around the weather. Due to the showers of rain we stayed in the Sports Hall to work on our theme of "Recognising Numbers." The children were asked to continue recognising their names and we painted with cotton buds, over the letter shapes. Other activities this week included, painting with a roller the

numbers to 10, creating a caterpillar's body with numbers and making reindeers for Christmas. Mrs C, our music teacher, was this week's special guest. She encouraged the group to follow her actions, her voice changes and her songs. We used some "magic" sticks to create different sounds and followed the actions in her song. Lastly, we jiggled, danced and jumped over a candle stick. It was lovely to see all our parents engaged with the music session as well.
