

Kurwongbah Kids PLAYGROUP

Library Visit

We had a trip to the KSS Library this morning. There were some enthusiastic learners as they made their long way from the Prep Playground to the Library for the visit. Mrs Turner greeted us warmly and we went, firstly into the Junior Fiction section to locate a book to read with our carer/parent. It was lovely to see so many little people engaged in books. There were two craft activities to choose from today – making a monster bookmark and a Christmas tree decoration. The Library Visit ended with the Playgroup enjoying their morning tea, outside of the Supper Room with Mrs Turner sharing a Library story. Thank you, Mrs Turner!

Cutting Skills

Our KSS Playgroup is growing each week, as we welcome new students who are getting ready for their first year of primary school next year. We had a large group of excited little ones this morning frolicking around the Prep Playground. There was a group involved in serious sand play and a giggling group of bubble blowers in the middle of the grassy area. The obstacle course is another skill tester for our young learners. Mrs C visited us to share her instruments, rhymes and songs. This time she asked us to balance on a piece of string just like an elephant! Mrs C brought along her magic sticks that everyone, big and small enjoyed tapping to the song's rhythm. Thank you to all the attendees and Mrs C for her entertainment.
